Maybe even better than free.

You can give this download link to your friends by mail or instant messenger. Keep your files private, or send your download links only to friends or family. File is free to use with no gotchas and no hidden fees. There are no restrictions on the number of times a file can be downloaded. Alternatively you can chooseto share your download links on blogs, forums and social networking sites. You decide who you want to share your files with. Why pay storage fees for a filethat you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps.filehosting provides an easy possibility for you to send large files to your friends. So try our free and simple filehosting service now. It is also allowed to link tothe download page from websites and communities. If only we could, we surely would! On the other hand, using file can actually save you money. You canupload any type of file (movies, music, documents, images, zip files and more). Just upload the file you want to share with your friends and we send you adownload link to your file. No account or credit card is required to get started. Files transferred the old-fashioned way tend to pile up and be forgotten about,eventually costing you money in data storage fees. Our service is completely free for everyone. This is easy, fast and reliable filehosting! You don't need anykind of premium-accounts. Unfortunately, we can't make that part free. Any file in any format can be uploaded and downloaded for free. Simply upload yourfile and share the link. We have no file size limit. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is beingtransferred between your computer or phone and our servers, then from our servers to your friends device. The cost of that data transfer is covered by yourinternet service or the data plan on your phone. You don't need any special software installed to be able to download your files. When you use file, you avoidstoring the file you're sending in your cloud storage or mail server. Files can be downloaded from any computer from our high speed servers. Using file, youcan circumvent those limits without paying to upgrade your team chat service.
