Maybe even better than free.

Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. You can upload any type of file (movies, music, documents, images, zip files and more). Unfortunately, we can't make that part free. Alternatively you can choose to share your download links on blogs, forums and social networking sites. So try our free and simple filehosting servicenow. filehosting provides an easy possibility for you to send large files to your friends. Any file in any format can be uploaded and downloaded for free. Ourservice is completely free for everyone. You don't need any special software installed to be able to download your files. Simply upload your file and share thelink. If only we could, we surely would! On the other hand, using file can actually save you money. Just upload the file you want to share with your friends andwe send you a download link to your file. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Your wallet will benone-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then fromour servers to your friends device. Files can be downloaded from any computer from our high speed servers. It is also allowed to link to the download pagefrom websites and communities. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. You decide who you want to shareyour files with. We have no file size limit. File is free to use with no gotchas and no hidden fees. No account or credit card is required to get started. Using file,you can circumvent those limits without paying to upgrade your team chat service. The cost of that data transfer is covered by your internet service or the dataplan on your phone. You can give this download link to your friends by mail or instant messenger. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Keep your files private, or send your download links only to friends or family. There are no restrictions on the number of times a file can be downloaded.
