Maybe even better than free.

You don't need any special software installed to be able to download your files. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. So try our free and simple filehosting service now. Files can be downloaded from any computer from our high speed servers. Simply upload your file and share the link. Any file in any format can be uploaded and downloaded for free. You can give this download link to your friends by mail or instant messenger. If only we could, we surely would! On the other hand, using file can actually save you money. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Our service is completely free for everyone. File is free to use with no gotchas and no hidden fees. Why pay storagefees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within theirapps. There are no restrictions on the number of times a file can be downloaded. Just upload the file you want to share with your friends and we send you adownload link to your file. It is also allowed to link to the download page from websites and communities. Alternatively you can choose to share yourdownload links on blogs, forums and social networking sites. You can upload any type of file (movies, music, documents, images, zip files and more). Noaccount or credit card is required to get started. You decide who you want to share your files with. filehosting provides an easy possibility for you to send largefiles to your friends. The cost of that data transfer is covered by your internet service or the data plan on your phone. Unfortunately, we can't make that partfree. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. When you use file, you avoid storing the file you're sending inyour cloud storage or mail server. Using file, you can circumvent those limits without paying to upgrade your team chat service. Keep your files private, or sendyour download links only to friends or family. We have no file size limit.
